**Sandra Day O'Connor
High School – Cafeteria**

25250 North 35th Avenue
Glendale, AZ 85310

(West side of campus behind
Performing Arts Center)

The Arizona Department of Transportation (ADOT), in cooperation with Federal Highway Administration (FHWA), have prepared Draft Environmental Assessments (EA) for portions of the Loop 303 (Estrella Freeway) from Happy Valley Road to Interstate 17. The purpose of the projects is to complete the northern portion of Loop 303 and connect to the regional freeway system at I-17. The proposed Loop 303 location was developed through studies involving Federal, State, and local agencies as well as the public. The location of the proposed freeway alignment is shown on the map above. The purpose of the public hearing is to provide information on the roadway improvements and receive comments on the Draft EAs. A presentation of the project overview and proposed roadway improvements will begin at 6:30 p.m. during the public hearing. ADOT and consultant representatives will be available to discuss the projects and answer questions. A court reporter will be available to record your comments.

Copies of the Draft EAs are available for review at the following website: **www.adotenvironmental.com** and at the following locations during normal business hours:

- ADOT Environmental Planning Group
205 South 17th Avenue
(southeast corner of Madison)
